the hundreds upon hundreds of Princetonians of all ages who over the Holiday Season opened their hearts to others in contributing more than \$3,410 to the Nineteenth Annual Town Topics Christmas Appeal. As we move into the New Year, in a world palsied by doubt and thirsting for peace, it is reassuring to know that Princetonians in the space of 19 years have now given \$54,420 so that thoughtful and specialized assistance can be extended to those seeking understanding and a sense of security.

For their uplifting generosity; for taking to heart this community's human needs; for refusing to permit bewildered youngsters to remain in the morass of despair where tomorrow is all too often another cold, gray day; these wonderful neighbors of ours are our nominees as Princeton's

MASTER OFFERS TO HELP
Ask School Solution — A community solution to the school problem is an absolute necessity, Mayor C. S. Patterson declared in his annual message on New Year's Day.

Although the mayor gave the usual review of the year that has passed, he made it his main theme: "There is an pressing subject which is so important to the future of Princeton that it must be repeatedly emphasized. It is the relations between Princeton and Township; Borough and Township."

The most important aspect of this relationship in the year to come, the mayor indicated, is a community solution to the school problem. It is, he said, "the greatest challenge before us in 1966."

THE BROTHERS SCHAFER: A family with the welfare of the community at heart — that's the Schafers. Carl (left) is mayor of the Township, sworn in for his second term as chief, also sworn in on New Year's Day. A former Borough resident, Robert is now a constituent of his brother's in the Township.

theirs," the mayor warned, "may be necessary to be adopted sooner than later, and not on a piecemeal basis."

Like the Township, the Borough is also set to increasing pressures for zoning changes for apartments, for middle-income housing, and an educational home for an educational center which the Township already has.

The mayor acknowledged the difficulty of Nassau Street by referring to the need for a by-pass and his point of last year's campaign for the realigned Jackson Street as a step toward relieving some of the pressure.

With Mayor Schaefer, Mayor Patterson has been in touch with Governor Richard Hughes regarding the proposed legislation of change in the New Jersey legislature's focus on transportation, and it is hoped that the by-pass legislation can gain legislative approval this year.

The mayor also warned his constituents that the library and the swimming pool and tennis courts would receive higher taxes in 1966, with the full impact due in 1967.

Township Looks Ahead. Mayor Schaefer also issued a tax warning in his New Year's Day message, pointing to the increase and reduction in two "increased services that bring with them increased costs." Very few people would agree with the fact that both of these services are worth the increases they cause, the Township mayor said.

He added his hope that recognition could be worked out on a two-year basis, so that future operating costs are concerned. And he added his pride in the fact that the Township's budget was balanced for three consecutive years.

Mayor Schaefer, like his Borough counterpart, spoke of the cooperation that exists between the two Princetons. Likewise, he repeated his belief, "we would have been quite impossible" without the cooperation of the Borough. He also felt that much can be done for both municipalities if our present policies of cooperation continue when he were

selected, he said.

He said he has asked the Borough's Board of Health to consider the Dilley report and the Township Board; he cited the Borough's adoption of a building code and its strict enforcement and the sale that Borough and Township planning boards have begun to talk among themselves.

Referring to plans for a new Borough Hall, the mayor said, "After I considered the situation at a meeting of a new Borough Hall, as planned, in no way bears political consolidation and the Township, I believe, the unlikely event this might occur in the reasonable future."

Master Plan. In other remarks, Mayor Patterson, on products of the Township, its master plan work, he said: "It is imperative that the Planning Board make further changes in its regulations, particularly in the master plan so that the zoning changes that

It is mid-winter — in fact, the joint boards or committees will prove beneficial, we shall continue to use them.

Mayor Schaefer promised studies of regional planning, housing and health in line with the recent reorganization, and he said that some preliminary work had already begun.

COUNCILMEN CONTINUED: Alfred E. Sorenson (left) and William F. Walker began their second term as members of the Borough Council. Mr. Walker is starting his third term on the governing body. Prof. Sorenson his fifth.

Princeton's traditional ceremonies were sparked by the unexpected presence of Governor Richard Hughes, who came to town to pay his respects to the Borough's lone Democrat, Mrs. Marie Cusumano, newly installed collector.

In the Township, Burton

one new Committeeman, Mayor Schaefer was elected last night, and he was chosen mayor again by his fellow Committeemen.

Harold Erdman has moved from the Township Zoning Board to an appointment on the Borough Planning Board, replacing Gerald Breslow, who has resigned from the Township because he will be one of the candidates in the 1965 election.

It is expected that Hans K. Sander will be chosen chairman of the Planning Board to replace Mr. Breslow.

Mr. Erdman's appointment leaves a vacancy on the Zoning Board, which Committee hopes to fill before the end of January.

MASTER PLAN READY
For Township, in July A final wrap-up of the Township's Master Plan will be accomplished by mid-July. Committed to completion by year-end.

The Master Plan would have been ready in 1965, Mayor Carl C. Sorenson had expected, but time had not been given to the I-95 route problem, to the zoning ordinance and to lettering about the proposed plan.

Committee, in a brief session, also passed a temporary appropriation of \$10,000 to carry the Township along until the full budget can be passed in mid-March.

Architect Charles Agie has completed his working drawings and they have been sent to Princeton downtown for review and approval. The package went off on December 15. The new building, located on Nassau Street, will be the Home Authority's home for a Federal aid by mid-January.

It is given the name of the new building, which will be given when bids may be accepted in February for the 50 units to be built on North Nassau Street. Work on the foundation and early construction could begin this spring.

GENERAL ALARM SOUNDS
Last Day of Year. A general alarm was sounded Friday afternoon, the last day of 1965, for the Princeton Fire Department. The fire, due to a false alarm, the year did not go out with a bang.

A house fire in a dry-dock had caught fire at the home of John H. Bassweiler, 139 Library Place. Because of the nature of the house and the difficulty of getting to the scene, the fire department was unable to determine the nature of the fire and sounded a general alarm.

Damage was limited to that caused by smoke.

HOSPITAL NEEDS MONEY
In a recent letter to the editor, George W. Conover, president of the Board of Trustees of Princeton Hospital, in revealing his hospital's financial needs to finance its major building program now, at midway point, said: "We must..."

"We must ask the people of the Princeton area for \$615,783 more in contributions and pledges which will be paid over the next three years," Mr. Conover stated. "There is no alternative."

The hospital has a pledge of \$250,000 from the Princeton Club, but only \$150,000 has been received so far. \$15,883 can be raised by the end of January.

The acute and unexpected financial crisis came to light last week when the hospital announced the construction of the "K" building, a two-story addition which will provide a 42-bed unit, a new X-ray room and enlarged facilities for x-ray and laboratories.

With the total bid were all within 10% of each other," stated Samuel Frothingham, chairman of the building committee.

"The hospital cannot bear the burden of more than \$250,000 in pledges and we must even higher costs,"

Contributions to date for the building fund total \$1,540,241 in cash and \$614,188 in pledges for a total of \$2,154,429. Expenses for the service building are being deducted from the cost of the service building completed last year.

The "I" building bid, plus \$54,300 in equipment for the building, plus \$1,743,700, or \$1,797,000. The deposit then is \$2,315,783. Trustees have previously arranged with the hospital to pay off the \$86,673 in balance. The so-called "challenge" offer of \$250,000 reduces this to \$615,783.

"The hospital cannot bear the burden of more than \$250,000 in pledges and we must even higher costs,"

lenders would approve it," Mr. Conover observed, "and we must accept or reject the low bid within 90 days."

FINAL SCHOOL SLATES

Race between the steel committee of "S.O.S.", the anti-merger group, will face three more candidates for the Borough School Board, Election Day, February 12.

The S.O.S. slate consists of Stuart Carder, 125 Library Place; Dr. Alfred S. Cook Jr., 424 Princeton Avenue; and Leon Edwards, 240 John Street.

These three candidates will face the merger supporters' slate, Dr. Robert L. Johnson, 39 University Place; John A. Buckley, 312 Prospect Avenue; and Jess Epstein, 19 Jefferson Road, who is running for the first time.

No Race in Township. It shall race for three in the Township. Grace Grace Prentiss Cook, and Charles Jaffin, Route 1, Road 1, both run again. Herbert Bulley, 373 Hurl Road, is the third candidate. Jess Epstein is not seeking re-election because of the present Board of Education.

Joseph Bachelder, 498 Broadside Drive, took out petition to run for the Board of Education. He had been chairman of the citizens' advisory committee, "not for me," he said, "but for my mind," Mr. Bachelder said. "I agree completely with all three of them on the issues that faced us. I think there should be little point in running against them. We need a united front at this time."

SIX FOR FOUR

West Windsor Six residents of West Windsor have

George W. Conover

filed petitions for the three available seats on the school board.

Incumbents are Peter Duncan, Mr. Guy Guzy and Stefan Gary who are seeking re-election.

Mr. Guzy and Mr. Calby were appointed to the board in 1965 to fill vacancies.

Robert C. Duncan Jr. and Mrs. Anne G. Gallo, both recently elected to the board last February, is the only candidate to file for the one-year term.

READY TO STUDY?

Adult schools to begin. Parents may talk about their adolescent children, seamstresses may learn a new trade, housewives may explore.

Parents may talk with one another about McCarter's spring plays during the spring term of the adult school which begins Saturday, January 27.

A complete registration list is available at the school and 25 copies of the January issue of TOWN TOPICS. The school will offer 45 classes this spring, because some classes are limited in size, registration should be completed as soon as possible.

One of the new offerings will be "A History of American Negroes" to be given by Dr. James E. Talbot, formerly of Palmer Institute for Negro high school students in Newark, and later a Ford Foundation grant.

The parent discussion group meets on the fourth course offered by the school in conjunction with the Family Service Agency of Princeton. In that course, parents of children under professional guidance and the experience was so successful that parents of older children are invited to attend throughout the semester is over.

The new course will be offered for parents of children 10-11, 11-13 and 15-18. Once again it will be directed by trained experts in family relations.

Those who take the theatre course will meet on Friday nights after seeing the McCarter plays. The second course in the summer will be in the Bishop method of clothing construction. In addition, there will be a course in tailoring and a class in sewing covering informal modeling sewing.

Mrs. Margaret Kennard Johnson of the Museum of Modern Art will teach a class in "Design As Structure in Fashion and Landscape." In this class, students will take experimental methods to drawing, painting and design. Dimensional problems will explore the influence of materials on form, using wire, wood, paper, metal or wax. All materials will be supplied as part of the course.

TEACH-IN ADDS SPEAKER

This Thursday, A Teach-in on "Reuniting America," will be held this Thursday at 8:30 p.m. in McCosh Hall on the University of Princeton's campus. The Princeton University Conservative Club and the New Jersey Young Americans for Freedom will co-sponsor the meeting.

SOMETHING MISSING? Neither Christmas nor New Year's Day was quite a bit unusual—sufficiently so that a total lack of snow before the first of the year was a recent occurrence about ten times in the past 95 years. Source for such a statistic is Princeton University's Department of Science Associates. What's more, if it doesn't snow at all, which it did not do until dating back a dozen years will be broken in 1954. There was a month that has not been equalled since that time.

The reason is logical enough: December, 1953, was both warmer and drier than usual. The latter trend seems to be continuing, though drought, which is now in the early months of its fifth year. October, 1953, did not have a total snowfall that was greater than 25% above normal. Total precipitation was only 20% above normal, after a previous low of 34.7 set in 1962.

Weather Bureau records show that Mr. Ludlum reports that the year when he has not had a single snowfall is the driest New Jersey has ever experienced. Total precipitation was only 20% above normal, after a previous low of 34.7 set in 1962.

January rainfall in a year's time around here is 45.5 inches and it has, at least, rained as much as 63.3 inches in 12" minus 6. That was in 1962.

July—one of only three months last year that produced above-average rainfall—made a noble effort to break the drought. On July 11th, 2.33 inches fell, and on July 17th, 2.64 inches. While that amount was not quite equalled on the 17th, it was still the wettest July since when it seemed wise to make a run for the Ark, in a space of three hours. 2.5 inches fell over two days, while we frequently get in 30 days.

Temperatures last year were a shade cooler than those recorded in 1962, but did not fall to either the minimum or maximum levels. The coldest day came on January 10th, with an average of 28.9 degrees, which was colder than February; July was the hottest month, averaging 74.7 degrees.

Why go down south
To the sand and the sun
It's warm here in Princeton
And just as much fun.

Well, there may be some good answers to sand and sun, but it has been a mild winter so far. You can read all about it in the paper, or store of the same for a day or two, with a cooler breeze blowing in from the weekend arrival. And the ice will come along, and winter will show that winters here have been as cold as ever, and end up in the deep freeze.

A SHARE SAFER: Mercer County listed 44 traffic fatalities last year, four less than in 1964. However, New Jersey's statewide total hit a new record with 17 more.

The total number of deaths on the highways here was 106, 102 of them in 1964. More lives as America has lost since the fighting began in Viet Nam, five years ago.

A LOOK INSIDE: How do you feel about boys who wear girdles? Well, here's a girl. Four who are pictured on page 19, and their answers, are typical of many of their contemporaries and others who are older, make an interesting Question of the Week.

For the first matter of considerably greater import, NEWS OF THE CHURCHES, page 20, shows how the various interdenominational clergymen give their views on the Epiphany Study which held its Sunday with sermons by the Rev. Marcello Passaro.

Princeton's Christmas may not have been white, but it was green. TOPIC TOPICS asked many merchants in the area what kind of tune their cash register was singing for. For a report on their answers, see Business in Princeton, page 27. In sports, page 28, the larger-than-usual number of engagements and weddings are listed on page 21. Basketball, football, and swimming are among the winter sports covered in the sports pages (28-31).

What has already arrived in two high school papers recorded, on June 23 and 29. Contrary to normal weather conditions, the temperature of 78 degrees was colder than February; July was the hottest month, averaging 74.7 degrees.

NEWS NOTES: Mrs. Richard J. Hughey, wife of the Princeton Mayor, died recently at the University of Pennsylvania.

OFF THE GROUND! Dancers in the Robert Joffrey Ballet company dance in the air as well as on the stage, and why not?
The youthful exuberance of the company is part of its charm. Don't miss the show down at the Princeton Auditorium on Sunday, January 16, at 3 in McCarter, sponsored by the Princeton Ballet Society.

The George Bernard Shaw Story," will be told in McCarter
this Saturday at 8:30 by Bernard Gorcey, author of the biographical portrait sketched in

George Bernard Shaw's words.

McCarter has booked the
entire Shaw canon for his mi-

merit, including much that has
never before been used on

stage. He has created Shaw's

ideas on a wide variety of topics and arranged them around

the play's central presentation, rather in the style of Hal Holbrook for Mark

Twain or Edwin Williams

or Charles Dickens.

GYPSIES!

In **Rumanian Dance Group**, More than 50 widely differing dances from all over the world are represented in native dances when the Rumanian Folk Ballet troupe comes to Merle Travis Auditorium on January 28. Dances from the lowlands where the Romany gypsies live in gypsy camps in the mountains inspired by weird folk tales, peasant frolics from the Balkans, and dances from the Orient as dances from the wild regions of Carpathia will all be presented.

Those who have seen the Rumanians dance speak with particular delight of the "Spirits," an athletic dance which emphasizes aerobics steps by the Rumanian troupe. There is a series of "flams" danced and sung with the dances just about as fast as

including no stage or no record. Tudor Park, violinist in the accompanying orchestra, will perform the "Hora Staccato," a solo得意作 for violin and piano. Dulcina Laca will play the pan-pipe. Serbian Ion will play the zither. A 10-stringed guitar will be played by Yonford, the cymbal.

The Rumanian Folk Ballet will tour the Americas for over a period of 12 weeks, appearing in 36 cities in the United States and Canada.

READY, DANCERS?

In **Romanian Folk Company**, A single "master class" for folk-dancers will be given by Gordon Tracey on Wednesday, January 28, at 9 p.m. midnight at the studios of the Princeton Ballet Society.

Princeton is especially well known for dance, Scandinavian ethno-drama and folk dancing. Gordon Tracey has spent many years collecting and preserving rare and archaic music in the outlying regions of Scandinavia.

As a performer, he has been seen on stage in Sweden, Norway, Denmark and Finland. He has his own Swedish folk-dance group, based in Seattle, and is currently touring the country sponsored by the American-Scandinavian Foundation. He comes to Princeton under the auspices of the Princeton Ballet Society, Serge Silbey and the Princeton Folk Dance Group.

Dancers who attend or attend classes will receive a classmate. A classmate of \$1 will be collected at the door.

PRINCE AND GARDEN

The Moment of Truth (now playing) is a quasi-documentary of brutal and paralyzing beauty. It depicts the photographic moment of man against bull.

The hero is played by Spanish matador Antonio Ordóñez, known to aficionados as Miguelito, said to be Spain's third-ranking matador after El Cordobés and Ordóñez. He gives the role a surly, feverish immediacy that never lacks intensity. He is a man who takes to the bull ring to assert starvation, exhaustion, physical misery and glory, and becomes the exhausted puppet-darling of the public.

teman who had been back through the streets of London, along comes Rita Tushingham looking for the YWCA. So it goes on and on, with many moves at a frantic pace, accompanied by good performances.

AFRICA IS NEXT
In *FIRE AND ICE*, Series "Africa Sails," photographed by explorer Quentin Keynes, will be shown at 7:30 p.m. on Tuesday, Jan. 12, at the Princess Plaza under the auspices of the Kiwanis Club.

Mr. Keynes, nephew of Queen Elizabeth II and great-grandson of Charles Darwin, will narrate the film. The 10-part travel series, shot over 18 months through South West Africa, Bechuanaland, Rhodesia, Tanganyika and Malaya, shows the patterns of bird, animal and reptile, tracking the elusive mountain gorilla, the fierce, savage rhino-horse, and watching the dervish-like dance of the masked Maoris.

The film is the last in the travel-adventure series sponsored this season by the Riwana.

WILDLIFE FILM SET
In *Adabben Society*, "New England Saza," a color film of New England wildlife and the changes will be presented by the Trenton Naturalist Club at 8 p.m. on Wednesday, Jan. 13, at the Princeton High School No. 3, West State Street at Parkside Avenue.

The production was directed by naturalist and photographer Dr. John D. Bulger, a member of National Audubon Society. A \$2 admission fee for adults and \$1 for students will be available at the door.

It's New To Us
—Comment from Page 7
rick-rack around the wide neckline and the hem. It comes in lemon, too.

Vera Maxwell's pale beige three-piece suit is a stir of lime, cotton and rayon, blended in a patterned design and enhanced with curves of crocheting around jacket, belt and skirt. The blouse has tropical colors for tropical travelers: look at Miss Goupil's shimmer of tropical silks. Silk lace-trimmed jackets with orange juice, marked at waist with rolled, flat scrolls, provide a trim border to the blouse; a chiffon sash ties the shoulders in the same print.

Stoles again on a blue-green fabric with a pink print. The designer is McMillen, but don't be alarmed: those favorite McMillen classics, such as the wide sailor collar, are as faithful as ever.

A lined princess silk with beige background has his Chinese style print so artfully done that you'll swear it's raised embroidery. Rich and full, berries bloom with yellow daisies against the aqua silk of another holiday dress. This gown has a wide sailor collar and a wide, wide neckline.

As a change from silk, Miss Goupil offers a finely crinkled crepe in pinky pink and a bouquet of greens. And as a change from short, Miss Goupil offers long, flowing sleeves. Silk of orange poppies and green leaves with a soft coat of pinky pink, a wide wide neckline. A printed chiffon sweeps the ground with pink and yellow feathers and a broad bouquet of fuchsias presents its brazen color against a lining of bright red. This gown has a squared neckline, all the long gowns have briefly capped sleeves.

Going to Honeymoon? Take Miss Goupil's Hong Kong silk in China pattern, a pale rose-blend gray. Jacket hanging cool and free and applied with a Chantilly lace border of the brilliant cherry.

If the evening is cool — and our vacation will be cool — why not be TOO cool? — Elsie Goupil has a casual white jacket, longish and curved, with a wide hip. Toss it over the ship's rail if the evening is warm.

Did You Give a Book for Christmas?

Many did. Not merely the so-called "coffee-table," but the real reading kind. And oddly enough, customers kept right on using the public library even though Christmas purchases in all departments were up. The adult department hit the 10,000 circulation mark in December and the children's department, 9,000. These are the books that found their way to the most Christmas trees.

FICITION

"The Source," James Michener. Almost as old as "Favortite by Name." (Princeton Book Mart, University Store.)

"Up the Down Staircase," Betty Kaufman. Another favorite. "The Last Time I Saw You," the case of "I liked it, so I give it." (Male's Book Shop.)

"The Schlesinger Affair," Frederic Morton. Spies? (Male's Book Shop.)

NON-FICTION

"A Sense of Wonder," Rachel Carson. A beautiful volume with words and pictures to love for a long time. (Princeton Book Mart, University Store.)

"One Thousand Days," Arthur Schlesinger. Enough reading to keep you going until next Christmas. (Male's Book Shop.)

"The Pankovskiy Papers," Oleg Pankovskiy. Talk about spying! (Public Library.)

RECOMMENDED . . .

"The Secret Yearning," Hammond Innes. Adventure fiction (University Store.)

"Dreams and Dressed," Norman MacKenzie. No, not Freud, a fascinating history-fiction-folk book. (Princeton Book Mart.)

"A Sense of Wonder," Rachel Carson. (Male's Book shop.)

"Everything That Rises Must Converge," Flannery O'Connor. Short stories written by this gifted writer just before her death. (Public Library.)

Princeton commuters mostly managed to reach their places of work despite the New York transit strike, largely because no major employer had an 'easit emergency walking distance' of their desks after taking the Pennsylvania Railroad's Railbus, but some of them were among the thousands who took the temporary bus back to Penn Station in New York when it was closed for 60 minutes Monday after the crush hour had reached an unsurpassable peak.

Men, who back US policy in opposing the communists believe Vietnam will be a lesson this Thursday on the Princeton campus. They charged this week that leftists are plotting to disrupt the election and heckling" in an attempt to defeat their efforts, and have threatened to do so. Robert O'Geehan will instruct under the teach-in" so that their side may be heard.

PROGRESS REPORT — A Princeton woman who has been a veteran administrator for one of the town's largest rummage sales passed on this trend-of-the-month observation: "I think it's fine, reached the point where most of the men's trousers we are selling have zippers instead of buttons."

Admiral Charles Wiley, recently returned from Viet Nam, Nam, August J. App of Middle College, Inc., and the Home Nations Committee, Philadelphia division; Vincent Kramer and William Fitzpatrick of Rutgers.

LOSSES LICENSE 10 DAYS

For reckless driving, Hugh C. McGill, 25, 131 Westcott Road, was fined \$30 Monday by Borough Magistrate Theodore King. McGill had his license revoked for 10 days for reckless driving.

For speeding, John J. Wilcox, 31, Quakerbridge Road, paid \$30, while a red light violation cost Eugene Schatz, 21, 100 Oneida River Apartments, \$12. Mrs. Jane M. Waters, 44, 465 Nassau Street, was fined \$15 for obstructing the travel of other vehicles, and Richard W. Westervelt, 56, 364 Stockton Street, \$10, for failing to set his hand brake.

The Division of Motor Vehicles has announced the suspension of licenses of three Princeton area drivers.

For speeding, Ernest Miller, 50, 124 Heather Lane, surrendered his license for 30 days. For driving under the influence of alcohol, he was fined \$100 and given a one month sentence in Connecticut. Arnold R. Voorhees, 32, R.D. 4, lost his license for three months and was held under the point system.

MUSIC In Princeton

TO SING STRAVINSKY

"Symphonies of Psalms." The young singers of the Princeton Glee Club, under the direction of William Trejo, will perform Stravinsky's Symphonies of Psalms this Saturday at 3:30 p.m. with the members of the Princeton University Symphony Orchestra.

In addition to the Stravinsky work, the program will include Beethoven's "Emperor" and Sibelius' "Finlandia" in commemoration of the centennial of Sibelius' birth.

STRINGS OUTSIDE

By EVELYN PLAYERS. Chamber music devotees will have a bonus this Monday at 8:30 p.m. when the Atlantic City Players visit 10 McCosh Hall on the University campus for an outdoor concert. The concert is sponsored by the University Concerts Committee.

The four players—violin, flute, cello and piano—will play the Trio Sonata in G major by J. S. Bach, the E flat major, K. 498, by Mozart, and the "Cortegial" (1938) by Martina Madrigal Soto, and "Contra" written for two violins and piano by Chamber Players.

The musicians banded together in 1961 to bring before the public a neglected repertoire of chamber music for strings with piano and for strings with piano in various combinations of two, three and four instruments.

DOC WATSON COMING
With Folk Songs, Blue Dogstar and hound, sings an infinite variety of folk songs, old-time songs and ballads in a style which is folksy, traditional and at the same time, deeply traditional.

Watson will bring his guitar and banjo on stage this Saturday at 8:30 p.m. at Alexander Hall on the University campus, during the activities of the Princeton Folk Music Society, Inc. Tickets are on sale at the Princeton Music Center, Palmer Street, between the University Store or at Alexander Hall the night of the concert.

Old-time friends of Doc's from Deep Gap, North Carolina, Fiddlin' John Carson and Howard, will join him on the Alexander Hall stage. Both Mr. Price and Mr. Howard are well-known folk artists in their own right.

Doc Watson will be singing his fine repertoire of Princeton songs, but he is familiar to folk fans who have been to Carnegie Hall and the Newport Folk Festival.

ORGANIST TO PLAY

At Westminster. Compositions by famous composers for the organ, including a fantasia based on a theme by Brahms by Marcel Dupré, will be performed by George Faxon in a recital of organ music at Westminster Choir College Chapel next Tuesday at 8. The program is entitled to "Music for Organists."

Mr. Faxon is organist and choirmaster of Trinity Church, Boston and associate professor of organ at Princeton University. A Fellow of the Royal College of Organists, London, he is well-known as a recitalist in this country and Europe.

His program will begin with Bach's arrangement of the Violin Concerto in A minor. He will also play "Claecon" (Aria and Variations) by Pachelbel, the "Toccata" and Fugue in D minor of Bach; Seitz-Schumann's Study in B flat minor; a fantasia on the Chorale, "How Brightly Shines the Morning Star"; the Serzno-Pichler Fantasy; "Meditation" by Remy Rabey and Marcel Dupré's Fantasia on "Desire Fideles," following an improvisation by Mr. Dupré.

handwork of a group of June-
nites Saturday night was the main
attraction at the annual show
on Nassau Street between
Moore and Pine Streets. "The
glass on the side of the building
was very ornate," said
Chief Peter J. McCrohan.

Allied sets were the main
attraction at the annual show off
Houghton Road near the high
school and uprooting of a post
supporter by a Kingman crew
"Home" sits in front of the
Home at 1 Hamilton Avenue.
The glass sign had been
thrown in a flower bed.

"You can practically trace
their path down Moore Street
and up Nassau Street," said McCrohan.
He added that the police
had picked up some juveniles
who were questioning them.

Mrs. Melvin Tumin, 119 Fitz-
Randolph Road, reported that
the front windshield of her car
was shattered at 11:30 p.m. on
Friday while in the Park Place
yard behind Davidson's Market.
The incident took place
last Wednesday.

THEFT REPORT

Lake Motor Sales, Alfred
Baird, 201 Nassau Street, told
Borough police that during the
last two weeks they had lost
about \$10,500 in an electric
motor and a blacksmith's
anvil, each worth \$10, had
been taken from a garage
in the rear of his apartment
house on the corner of Prince-
ton and Nassau Streets.

In other thefts, Mrs. Grace
Biddle, Route 27, reported
that she had been forced
from a closet while she was at
a party at 5 Greenleaf Street.
She had been forced from her
leather bag had contained \$25
and personal papers.

Clothing apparel most of it
new and valued at \$175 was re-
ported stolen Friday by Frank
G. Saitta of Philadelphia. Mr.
G. Saitta, 100 Nassau Street,
had taken from his car parked on
Lytle Street between 7:30 and
8:45 p.m. Although the owner
had not yet been able to file
a complaint, police said there were
no signs of forced entry. A
total of \$900 worth of clothing
at a men's \$35 cost were the most
expensive items taken.

Early in the week, police
said a safe had been taken
from a professor's desk in
the Green Annex Building on
the corner of Nassau and
Washington Roads. The theft
was reported by campus police.

BE PREPARED

With winter vacation activity in full swing, more and more families are turning to their health team—the physicians and The Thorne Pharmacy—to get added mileage and enjoyment out of their trips.

Like many things, good health can't be taken for granted. Checkups with family doctors are essential for everyone. So are visits to The Thorne Pharmacy to stock medical kits with prescriptions, medications, and first aid items.

Vacationers with chronic conditions such as diabetes, heart disease, rheumatism, arthritis, epilepsy, to name just a few, are well advised to carry sufficient drug supplies to last the entire trip. Travelers should also be prepared for minor afflictions to carry antihistamines, antidiarrheal agents, and antifungal preparations.

See your doctor and Thorne's, Princeton Junction before you go.

TREE OF KNOWLEDGE? Perky against the winter sky, this sturdy little Christmas tree stands on the roof of the new public library, planted by workmen who jumped the gun on Wednesday's formal rod-tree ceremony. The outside shell of the building is almost complete.

OBSCELENITIES PAINTED

On Teachers' Home Two teenagers, both of whom have been arrested and referred to Mercer County Juvenile Judge J. E. Coley, were charged with obscenities on a house at 237 Moore Street. It is presently occupied by Mrs. Anna B. Bissinger, a teacher at nearby Princeton High School. Township juvenile officer William Emma and the youths were picked up the day following the incident which took place on January 13 Saturday morning. The obscenities were painted in large letters down the front and back side of the house.

GOED TWO PERCENT
United Fund is 98% with United Fund is \$8,153 to go before its \$423,420 campaign goal. The Fund, under Chairman Fred G. West, has urged Princeton to give that final push to the goal. As of Tuesday this week, the total was \$40,267, or 95% on percentage compared to last year," observed Mr. Coley, director of the Fund. "Our executive director of the Fund," he added, "has set \$8,153."

The 1965 campaign found it difficult to raise \$30,000 in "new money" to raise as a result of the shifting community participation. The Fund lost \$3,000 in special contributions due to the death of substantial contributors. In addition, the development director, Herlevine Powers, company cost \$8,000.

However, there has been a big and major increase in the search money, Mr. Coley said.

and an increase of \$10,000 will have to go elsewhere." The Fund is carrying the year's campaign load, and power plant, Mr. Erdman said, would make the Seminary independent but still dependent on outside sources.

Mr. Erdman said, "I am optimistic that the Fund is off to a good start.

GETTING INTO COLLEGE
For the benefit of parents of high school juniors or others who are interested— are invited to a series of lectures to be held on consecutive Tuesdays, January 11 through February 1 at 8 p.m. in the Princeton High School cafeteria.

Aiden Dunham, director of admissions at Princeton, will open the series next Tuesday with a talk on trends and practices in college admissions. On January 18, George Peeler, junior class counselor at Princeton High, will explain the application process and the responsibility of high school juniors.

The last two programs will panel discussions. On January 25, a panel on financing college will be presented by Bradford Craigie, director of student service and the Bureau of Student Aid at Princeton. George Danner, assistant programs director of college scholarships services for the College Board, will speak on division of EISA. Mrs. Ethel Thomas, college counselor at Princeton High, will answer questions on parents' questions will be given by Jeanne Harvey, director of admissions at Douglass College; Howard Green, assistant admissions director at Bryn Mawr; Dr. Baumhimer, formerly of Gettysburg College and Mrs. Alice Irby, program director for the College Board Guidance Service Division, EISA.

"YES" TO SEMINARY
But Zoning Must OK The Seminary as the Borough Planning Board is concerned. Princeton Theological Seminary can increase and add its three-building "Corporation Yard" across College Road from its present half acre.

Zoning regulations require approval of the Planning Board if two or more buildings are to be built together. The Planning Board gave the Seminary a unanimous "go ahead."

The Seminary will now go before the Zoning Board on January 27 to ask for a side variance.

The "Corporation Yard" will consist of a four-story, multi-unit apartment building to be built on the site of a six-story wall, trees and bushes from that property and the street. There are windows overlooking a convenience shop on the University side.

Michael Erdman, speaking for the Seminary's planners said that the Seminary has been in the University for some months but has been told that

West Windsor Meeting Set. Everyone concerned about the proposed Assumption Park area development in Princeton is invited to attend a public "informal" meeting to be held last Friday at a date to be announced soon.

Freeholder Richard J. Colle, president of the Township Board, will preside. This week that members of his staff and the Mercer County Planning Department will answer questions about education and the proposed community acquisition time schedule.

MEETING MONDAY

Of Lions Auxiliaries. The Ladies Auxiliary of the Princeton Lions Club will meet Monday evening at 8:15 at the home of Mr. and Mrs. William G. Lehner, 36 Greenway Drive.

There will be a discussion of the advisability of United Nations control of international terrorism. Anyone interested is invited to attend.

SPACE EXPERT TO SPEAK

At IEEE Meeting. Raymond L. Heneck of the Jet Propulsion Laboratory, Pasadena,

will speak at the meeting of the Princeton Unit of the Institute of Electrical and Electronics Engineers on Monday evening at 8 in the Convocation Room of the Engineering Quadrangle.

Dr. John E. Hart, chairman of the meeting, invited him to speak.

Late Saturday afternoon, William J. Bartolino, 8 Tee-Ar-

Place, was forced off Mercer Road, some 500 feet east of Parkside Drive. He escaped injury.

Mr. Bartolino told police he was attempting to pass through his past the road when he also attempted to pass. Forced to turn his wheel sharply to the right, Mr. Bartolino skidded across the center of the road in his station wagon and skinned broadside into a large tree.

The second car was operated by Howard Krinick, 31 of Somerville. No contact between the Krinick or Bartolino cars. They made no charges.

COURSES OFFERED

By Princeton State College. With the cooperation of the Princeton Branch of the American Association of University Women, Princeton State College will offer three teacher certification courses during the spring semester, 1965-66.

The courses are: "Teaching Health, Safety and Physical Education in Elementary Grade Schools"; "Child Guidance Lear, Assistant Professor of Education; "Teacher in a School of Early Childhood," taught by Dr. Caroline Yenzo, Associate Professor of Education; and "Principles and Methods of Teaching Modern Mathematics in the Elementary School," taught by Mrs. Violet Thompson, Mathematics teacher.

Water Usage Increased

In 1965, residential requirements used more than one billion gallons of water in 1965, a record year, according to the New Jersey Water Company. Consumption was up 0.8% over 1964 and 14.3% above 1963. The company said that despite water supply will be sufficient to meet customers' needs. It obtains its water from deep wells and from the Delaware River via the Delaware and Raritan Canal.

Modernization and expansion of the company, a subsidiary of the New Jersey Water Company, continued during last year. According to Frederick J. Klink, senior vice-president, the company's monolithic and elevated tanks were equipped with helical anchors so that they can be removed or dislodged at the Stony Brook pumping and filtration center. The Harrison Street pumping station was modernized with the installation of the newest equipment.

In December, the company installed equipment necessary to supply water to the company in response to orders from the Princeton Borough and Township boards of health.

ASSETS UP OVER 10%

At Nassau Savings & Loan. An increase in assets at Nassau Savings and Loan Association of more than \$1 million

during 1965 was reported this week by the president, Ralph H. Hall. At the beginning of the year, there were \$9,054,000 while on December 31, there were \$10,100,000. Mr. Hall said the value of more than 4,000 savings accounts is now in excess of \$100,000 each. The value of this category of \$120,000 is traceable in part to more than \$200,000 in dividends credited to the accounts.

During the past year, Mr. Hall said, 145 mortgages were issued to home buyers in the area, with a total value of \$3,200,000. After repayments, the association's net increase in mortgages was \$120,000. Mr. Hall forecasted continuing growth for the next 12 months. An increase in the expected rate of 10% would result in a comparative statement of condition for Nassau Savings and Loan appears on page 32.

TWO SHOWS PLANNED

Art and Illustration. "Creative Illustration" in the theme of the January show at McCarter Theatre sponsored by

the Princeton Art Association. The show will include several exhibits from "The Art Life" magazine by Norman Rockwell, Al Parker, Fletcher Martin, and Jacob Landau.

At the Princeton Art Association headquarters, 14 Nassau, the students of Stefan Martin, en plein air painter, will be shown during the week of January 10-16. The work was done during the fall term at the Princeton Adult School.

Registration for the winter session of the Princeton Art Association will continue this month and classes will start next Monday at the 14 Nassau Street studios.

Membership in the Association is required for participation in the classes. Mrs. Selden Bacon is membership chairman and Mrs. Simine Marqusee is in charge of registration.

PRINCETON HOSPITAL
PRINCETON, NEW JERSEY 08540

Board Of Trustees

January 5, 1966

My Fellow Citizens:

During the past three years, the Trustees of Princeton Hospital have tried to raise \$3,500,000. To date, the Princeton community has contributed \$2,154,000 toward building and equipping an absolutely essential new wing. Approximately a third of these funds have been donated by industry.

Of necessity, the Trustees were prepared to borrow the balance and have, in fact, received a commitment from a bank for a mortgage loan of \$1,450,000. With this assurance, bids were sent to seven reliable and experienced builders with the intention of awarding the contract to the lowest bidder. When these bids were opened on December 21st, they were all within ten percent of each other. However, \$865,000 is still needed of which a Challenge Gift of \$250,000 has been promised, if the Princeton community will contribute an additional \$615,000.

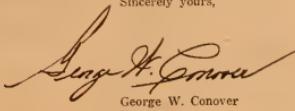

This has plunged the Princeton Hospital and the Princeton community into a desperate crisis. The Trustees know that the new wing must be built now to give proper care to the community. The demands of the present, not to mention those of the future, absolutely require the new diagnostic facilities and the additional beds which it will provide. The Trustees also know that delay means even higher costs. Finally, they know that the Hospital cannot bear the burden of more than \$1,500,000 of debt, even if the lenders would approve it.

There is no alternative.

We must ask the people of Princeton for \$615,000 now in cash, securities and pledges, which may be paid over the next three years. This means many sacrificial gifts — both big and small — to assure you and your neighbors of hospital care when needed.

We must accept or reject the low bid within 30 days. For the sake of lives at stake, we beg your support now.

Sincerely yours,

George W. Conover
President
Board of Trustees

GWC/jl

TOPICS OF THE TOWN

and will facing more expansion
in the future. "With the popula-
tion growth, the advent
of Medicare and related med-
ical problems," Mr. Conover
commented.

He emphasized the need for
rotation of Board members,
but also offered full utilization
of their abilities. We feel that
our earlier estimate of the
proper number of Board mem-
bership was erroneous, and we
now suggest this change."

At the February meeting,
five trustees were elected.
There will be a nominating
committee comprised of three
members, one of whom is a two
trustees. The committee includes William R. Crosby, G.
Alfred Conover, and Mrs.
Bessie Kilgore, representing
the public; and Dr. Robert S.

TAX FACTS SET FORTH
By Internal Revenue. The
Internal Revenue Service has
issued a statement to clear up
confusion concerning the income
tax deduction. With the
exception of physicians, no one is
affected this year by recent
law changes.

The returns must be filed by
April 15, 1966. They will be
sent to taxpayers this month
along with a tax instruction
booklet. This booklet will con-
tain a pre-identified income
tax form which should be used.

If any taxpayer finds that form
cannot be used, the mailing
label should be peeled off and
used on the return which is
filed with Internal Revenue.

The Internal Revenue Service
offices in Newark report that
taxpayers are getting mixed
signals on the effective date
of changes in income tax laws
which were part of the Medi-
care Act.

"The only change which af-
fects 1965 income tax returns
which may be filed this year
is the one which adds
physicians to the other profes-
sional and business people who
may deduct their medical and
tax along with their income tax.
This allows them to qualify
for social security benefits."

"All other changes are not
effective until the tax year
which begins on January 1,
1966. These include the in-
crease in the maximum
amount of wages subject to
social security taxes, the in-
crease in social security taxes
provided for hospital emer-
gency care, the new benefit
as well as the new provision on
the reporting and payment of
self-employed taxes."

"The maximum amounts of
wages subject to social secu-
rity taxes for 1965 remain at
\$4,900.00. Those who worked
for more than one employer
during the year and had more
than \$4,900.00 in wages deducted
from their earnings may claim the ex-
cess as a credit against income
taxes. Taxpayers who worked
for just one employer and had
more than \$174 in social
security taxes deducted should
obtain a refund from his em-
ployer."

Because there have been no
basic change in income tax law
you will find few differ-
ences in the tax forms which
will be sent to you in December.
The form has been re-
designed to make it easier
to read and more attractive
by using more modern type
and less cluttered arrange-
ment. Space is also
provided for entering the name
of your current employer and
for listing the names of your
dependent children.

All taxpayers are reminded to
be sure to file their tax return
on time, which will be mail-
ed to them late this month. It
contains a pre-identified in-
come tax form. Internal Re-
venue asks that each taxpayer
use this form for his tax re-
turn because of this identifica-
tion.

"If this form cannot be used
for any reason, the mailing label
of the alternative form should
be peeled off and used on the
return which is filled with inter-
nal revenue form. If a taxpay-
er prepares his return for you,
he is sure to give him the
form which can be used if he
uses it or the label.

Income tax returns for 1965

which call for tax refunds
should be mailed to the

THE LONG AND THE LONGER OF IT: Among the younger generation of males, crew cuts are squaresville. Long hair is in, and defending it from left are Rusty Moore, Adam Hammer, John Taylor and Tom Gaman (staff photo).

Eighteenth Century Beauty Salon

The secret is in the cut!

Question of the Week

Question: What is your and now the younger generation has to create something for themselves. The world is changing so we have to change too.

Where asked: Nassau Street, Darius Adam Hammer, Locust Lane, student, Laurel Creek Academy, Bristol, Conn. I suppose beauty is in our perogative to dress and groom ourselves in the manner we feel is most becoming. And those who say it is esteminate looking or messy. Some may overdo it a bit, but I think it's all right.

Russell "Rudy" Moore, 9 Windsor Drive, Princeton Junction, Princeton High School freshman, Princeton, N.J.: Boys wear their hair really long, it's good. It expresses emotion. They have a sense of themselves. They don't care if other boys are wearing their hair short. I think it's cool. I think about the younger generation because they are really only a bunch of older kids anyway. Dylan — said: "Times are changing." They'll just have to accept the way we are.

John Taylor, 1 Harrison Street, Princeton High School sophomore: If it's worn neatly, it looks okay. But if it is unkept, very severely, from a person's appearance, it all depends on the individual person. If he is in a group where everybody wears his hair long, then it's okay; but if he is the only one to do it from the rest, then I feel it's wrong.

Tom Gaman, Mountain View Road, Blawenburg, Princeton High sophomore: I think it's cool. People who wear their hair short are square and completely out of it. Those who wear long hair are just jolos, especially bald people.

Mrs. George Neil, 223 Mount Luens Road, Princeton: I think it's cool. I like it, makes boys look very esteminate. It makes them look silly. I don't think it's appropriate.

Mari Oialora, Alexander Road, Shady Valley Day School: I like it to a certain length and then it starts to look too feminine.

Paul Stange, 19 Hamilton Avenue, Princeton High School: Long hair is only a style, only a fad. On some it looks good, on others it's bad.

Debbie Livingston, Belle Mead, Princeton High School sophomore: I think boys should be allowed to decide how they want to look. It is nobodies business if they wear their hair. The older generation had their crew cuts.

Mayor Patterson's New Year's Day Address

This is the fifth New Year's Day on which I have had the honor of addressing Borough Council and the citizens.

Borough of Princeton Nineteen sixty-five was, as predicted last year, a busy year and 1966 promises to be just as busy.

To report briefly on the new year's administration of the new public library was commenced

and in fact completion of the outside shell of the building is imminent. We will have a new library in 1966.

Priority for capital funds was given last year for the development of recreational facilities. In 1966, we will have swimming pools, tennis courts, and other facilities in operation at the location.

With the completion of the library and these recreational facilities, there will be additional expenses to be met by the Princeton taxpayer. A part of these expenses will appear in the budget, but the full impact will not be felt until 1967.

The report of the Joint Committee on Municipal Operations — the so-called Dilley Report — has been submitted. The report concluded that political consolidation of the Borough and Township would not be feasible at this time. The Joint Committee did, however, make recommendations for further joint functioning between the two municipalities.

As recommended, the Borough has already adopted a zoning ordinance, the first of which is identical to the one in use in the Township. The zoning commission and commercial planning board are reviewing the workings of a regional planning board established by the Borough Board of Health has been seen to be equitable and workable solution to the various problems that arise when two separate townships "fill-up" areas. I am confident that what remains to be done, before the reorganization can be completed, will be done in the "very near" future.

In Progress in Planning Sought. Our Council meetings with the largest audiences are almost always those that have to do with zoning. I expect that we will have more such meetings this year and in the future. It is my opinion that the Planning Board must make faster progress in recommending any changes in the zoning laws that may be necessary to be adopted at the earliest opportunity and not on a piecemeal basis.

There will be, as we all know, many problems and much challenge facing us in 1966. To meet them, we have experienced and loyal employees, efficient planning, the zoning boards and committees, and finally six able and dedicated councilmen.

Today, Mr. Alfred E. Sorenson begins his fifth term and Mr. John H. Wilson his third term as members of the Borough Council. Serving with them will be Councilmen Edward G. Goodwin, Alan Carrick, Joseph R. Stayer and Ernest J. Durbin.

During the year we were delighted to have the wisdom and counsel of our Tax Collector, Mr. Theodore E. Stratton, through his retirement. Captain Geoffrey Sage most ably filled in for Mr. Stratton during the early part of 1965. Today he will be succeeded by the first woman who in many years has been elected to public office in the Borough of Princeton, Mrs. Wilson L. Coan.

First, New Year's report. In my years '30, I wrote of the irony to a study on the construction of a new bridge across the Boroagh Hall. The Study was completed some time ago. In '65, the New Bridge was transferred to the Borough without cost, and the money needed for the construction of a new bridge at Boroagh Hall was very recently obtained.

It is more than likely that we will be here at Thompson Hall on New Year's Day 1967, but some day we will move to new quarters. Again, I would emphasize that the construction of a new bridge is a matter of no way bars political contention with the Township in the unlikely event this might occur in the reasonable foreseeable future.

Traffic planning and zoning masters continued in 1965 as they will in 1966 to occupy the time of the average citizen. The need for the truck by-pass is still with us and there is, as there has always been, a strong opposition to the regional bi-partisan effort to make the by-pass a reality.

Our joint association with the Township is an excellent one. Minor points of difference have been removed by changing the annual give and take bargaining on shared costs to understandings, in most cases agreements, in most cases reflecting the ratio of ratables one municipality to the other.

New possibilities for increased inter-municipal cooperation are being considered. Initiatives of both municipalities have been taken together and agreed on such matters as the sale and lease for a new library, the development of Community Park and the acquisition of open space. We can all agree eye-to-eye: no one can expect us in. But, our differences are minor and easily adjusted.

However, if there is deterioration in these relations in

Cooperation Essential. The briefness of my review of last year and my discussion of the coming year is not because of the lack of things to say, but rather because there is one pressing subject which is so important to the future of our community that it cannot be emphasized enough. The subject has been called many things. In this case, however, it is the relations between Princeton and Princeton Borough and Township.

Their mutual relationship with the Township is an excellent one. Minor points of difference have been removed by changing the annual give and take bargaining on shared costs to understandings, in most cases reflecting the ratio of ratables one municipality to the other.

New possibilities for increased inter-municipal cooperation are being considered. Initiatives of both municipalities have been taken together and agreed on such matters as the sale and lease for a new library, the development of Community Park and the acquisition of open space. any municipality, and there has been in the very field for which the Princeton community is most famous, it can and it must be done. It is not only between the two municipalities as entities, but between neighbors and neighbors. We will keep these efforts until it is too late.

Princeton is a community which is admired the world over. Wherever I go, people know about Princeton, and they praise the commitment it often without ever having visited here. What have we, myself?

Yet this can happen if dissension between the two Princeton communities continues. In this district, there are extremes and I deplore both: the one which would have complete separation and dissolution regardless of financial or any other consideration, and the other which would disregard the difference between the Borough and the Township regardless of the advantages.

I cannot believe that the Borough would be willing now or in the foreseeable future to pay considerably higher taxes for the sake of establishing additional municipalities. Specifically, complete consolidation is not presently feasible.

Nor, do I believe that the Borough would be receptive of what he already has, or will soon have, that he would be willing to offer some equivalent plan to share what he now has or will soon have. Specifically, a community meeting to discuss this problem is an absolute necessity.

It is my firm belief that we can provide a single school

READING TEACHER ADDED At the recent meeting, Mrs. Paul Jacobs is the new reading teacher at the Princeton Study Hall. She succeeds Mrs. Raymond Community Park School Monday through Thursday from 7 to 9:30 p.m.

"This will not be a remedial reading program," explained Thomas Carroll, director of the study hall. "Mrs. Jacobs will get to know the students and use her knowledge and experience to stimulate their interests in books."

Mrs. Jacobs formerly taught school in Illinois and New York City. Currently, she is doing graduate work in reading at Rutgers.

The reading program will be

open to any child who wishes to take part and to those who are referred by their parents or students who come to study will not be disturbed.

MASTER PLAN READY

For Pennington Borough. The culmination of three years' work will be presented to the citizens of Pennington Wednesday evening at 8 at the Grammar School auditorium. The Master Plan for the Borough will be made public and the plan establishes public and private goals which the Planning Board feels to be representative of the needs and wishes of the citizens of the Borough. All residents are urged to attend and study the proposed plan.

INSTALLATION PLANNED For Montgomery Firemen. The installation dinner of the Montgomery Township Volunteer Fire Company No. 2 will be held next Saturday, January 22, to mark the new Anniversary Legion Hall.

The dinner will start at 7. The Legion Hall is located on Vay Drive in Denville.

NEW PRESIDENT NAMED By Sweet Briar College Club. Mrs. Robert J. Plumb Jr., 107 Meadowood Drive, has been named president of the Sweet Briar College Club. She will serve for two years.

At the club's annual meeting last month, Mrs. Witke and Mrs. John Strong were named co-chairmen of the tulip bulb fund-raising. This is the major fund-raising project to help scholarship students meet expenses.

ARCHITECTURE TOPIC Of Historical Society Meeting. Dr. James Gowans, chairman of the Department of Art and Art History, University of Delaware, will discuss "The Architecture of Quaker Architecture in New Jersey" at the first meeting in 1966 of the Historical Society of Princeton. It will be held on January 11, starting at 2:30 in the faculty conference room of the Engineering Quadrangle of the University.

Dr. Gowans is a scholar of New Jersey architecture. One of his books, "Architecture and Quakerism: The Architecture for the Quakers," was chosen for the year's Tercentenary Historical Series. It was reviewed with praise by a prominent architectural historian, Leroy W. Morgan, former director of the School of Architecture of Princeton University.

BUSINESS In Princeton

GREEN AND MERRY

Christmas Was Profitable.

Know what kind of a Christmas was had in Princeton?

More Indians than ever run mistletoe kissing balls.

It was up, up and all the way to the top in Princeton," stores this Christmas.

F. J. Worthington, manager of the Princeton University Store, says it is the season "Sure, we had a better season than last year." So an expanding business like Princeton's and growing areas like this one, it's a pretty good merchandiser who doesn't keep climbing, year after year."

The fact that people were buying papers was reflected in the volume of display advertising in TOWN TOPICS.

A previous record was broken both in volume of

advertising in a single pre-

Christmas issue and for the

number of paid circulation

times Thanksgiving, a d

Christmas.

For the first time, three espe-

cially 54-page issues were

published, the largest of them,

advised, that of December 16.

The total circulation of topics ran to a total of 232 pages up from a year ago

and 13.5% higher than in

1963.

Person to Person

We find that the oldest

surviving records are those

of the Chinese, written

on clay tablets,

which date back

6,000 years.

The oldest known writing

in Europe is believed to be

about 3,000 years old,

but written on bone, which

remained until about the 10th

century A.D. A Chinese court

official invented papermaking

in 105 A.D. He used tree bark

and waste cloth as raw material.

By 100 A.D. the craft of paper-

making reached Europe, by

way of Baghdad, Damascus,

Egypt and Sicily, when

men began to think of the speed

of communications today the comparison

with ancient times is beyond

our imagination, as far as the

hazard and satisfaction you will enjoy from us!

CLOUDY FUTURE

In Basketball and Hockey. On the first month of play by Princeton's basketball and hockey teams, each appears to have a shortcoming which may be overcome if it is to achieve its maximum potential this winter.

The Tiger quintet, hoping to win a fourth straight Ivy title, lacks consistency in its play. The hockey team, which at one point set when the season began on toping the .500 mark and evacuating the Ivy League cellar, lacks a defense

It is, of course, the basketball team which poses the greater problem for the less serious of the two. The Orange and Black lost to Rutgers on its own court in a closely fought game and did not put together two consecutive good halves since then, but as a testament to the strength of the opposition during the hell-days in defeating Illinois, Mississippi State and North Carolina, the man said, "There is no substitute for victory."

The basketball team, however, have reason to be glum after returning from Buffalo, where they were the only team in a six-game tournament to beat Harvard, Yale and Dartmouth not to win a game. In eight games to date, the Tigers have never won a total of 44 goals, which means in the simplest terms that they are expected to score at most seven or at least six times. This places an almost insurmountable burden on the offense.

Title Defense at Hand. The traveling team that Princeton's basketball team has used so steadily in recent weeks will be paged again this weekend as the Tigers travel to New Haven and Providence. Although neither Yale nor Brown has been able to stop the Tigers in their last three games, the latter, in contrast to the defending champions' fine 7-2 mark, either out of them enough to upset Princeton if it gives a mediocre performance. Princeton basketball without Bill Bradley is battling a par-

they are to make a successful defense of their Ivy title. Despite ability to field, Ed Hummer and his team, with 10 wins, 6-6, and 6-9 Robby Brown. Princeton can be matched up against Dartmouth, 10-6, Penn, 10-6, and to some extent, Columbia. Both Penn and Columbia may have better records showing in the past.

They'll be at home Friday and Saturday, January 14 and 15, at Nassau. Dartmouth vs. Harvard, with Penn here on January 29 and a trip to play return on February 5. Dartmouth and Harvard the first weekend in February.

Tiger Brown and wife come here and the front chart indicates that the Tigers should win every one of these games. That would put them 10-0-2. A cushion from which to launch the really rugged part of the 1966 schedule. It includes Cornell, 10-6, Yale, 10-6, Princeton Gym by Cornell and Columbia. Then comes the toughest assignment of all, Princeton. The team had even faced successive road trips at the end of the season to play Cornell and Columbia in Penn.

SKATERS PERPLEXED

Over Continuing Troubles
A Princeton hockey team has been plagued by the arrival of the sophomore class on the simultaneous arrival of good sophomore strength and poor sophomore skill. This somewhat gloomily at the record of its first eight games. The Tigers have won only two and lost six. They have found considerable solace over the fact that one was over defendable and the other, Brown said, has been no problem toward brighter days since that time in the Nichols Tournament at Boston. Last weekend Princeton played well enough agains steady - improving last night, but losing, 6 to 3. The following night, Princeton, the Orange and Black was upset by Dartmouth, 5-4 in overtime. Princeton, after being down in goals had been trounced by Yale, 10 to 3. The Els won the two-day affair by trouncing Dartmouth, 3 to 1.

Coach John Wilson's sensitive short-lived lead over Harvard early in the first period when sophomore John Bush scored. The Crimson retaliated with goals from Gordy Gladman brought the Orange and Black even before the round ended. Thereafter, however, Har-

vard dominated the action almost completely. Steve Cook's goal at 18:38 of the second period finished Princeton's scoring, while the visitors added four more and outshot the Tigers on the evening, 41 to 26.

Defeat in Sudden Death
Night night, Dartmouth appeared set to win in regulation time until sophomore Mike Wiggin stepped in with 52 seconds left to play. The Green then beat Graeme Flanders in the third minute of sudden death and its third in a row over Princeton since losing at Boston a year ago.

Princeton are residents secured a third of the goals in the Indian-Tiger game. Steve Cook tallied for the losers. Tom Smurthwaite and Captain Charlie Stuart both scored for the Indians. Stuart also produced a goal against Yale. Princeton had won three of the last four games against Yale.

Armed with a 5-4 victim of the Tigers here in early-season action, the team is only team that has not scored at least five times during them. The most considerable improvement in defensive play is the obvious essential if marked improvement over 1965. The team's record is to be achieved in 1966. About the only major switch open to Wilson is the replacement of Captain Buss Hall on the blue line.

The veteran defense had been switched to forward to bolster the attack and this was promptly achieved with a hat trick in the upset over Brown.

The average of 3.6 goals the team has scored in 1966, how-

ever, more than the offense on a team of Princeton's calibre can match, even if the

ability of the opposition for the

remainder of the season will not quite match that of the December schedule.

It's apparently to be out of the frying pan into the fire for the Orange and Black here for Hockey and Hhah. A series that is virtually 100% Canadian has been assembled with a view to bettering records and home lines to Cornell hockey, although the headlines that record the results of the games displayed by the Big Red are beginning to be distinctly uncommon.

Next Wednesday, Princeton will play its first contest at home in nearly a month when it entertains Colgate. Back-to-Back games against Dartmouth will follow, sandwiched around the break for examinations.

BOWLING NOTES

Johnson Presses Decker's Decker's Dairy's once commanding lead in the Three Rivers Classic League shrivelled to a mere 1½ a month ago when all the pins had stopped falling at the Princeton Lanes. Leading individual figures for the top three teams Decker's, Johnson Electric and Turners - were now read, 199, 190 and 241.

Vince Tufano led individual single game performances with 100 pins at Princeton recorded last week. Next game Frank Denkle's 222 and Elmira's 220. Other 200 pinners were Jim Hughes, 214, Charles Perpetua, 201; Boo Cifelli and Bill Perrelli, both 209's.

A team of 598 was fashioned by Jim Shely on games of 224-219-162. The high school record of 598 was claimed by Bill Parks. Two pins were won by Walt Stalcup's 219, followed by Fuzzy Burns' 218, Bruce Roach's 210; Ernie Hunt, 202; Henry Sutphen, 203; and Al Toto, 201.

A single pin separated the two high school teams last week in the Tri-City Football League. Norman Lark rolled a 560 on games of 101-189-225, while Frank Stalcup had a 593 on a 169-232-202 effort.

Ken Luck had a 224-202. Others who participated in the single pin games of 200 or more were George Luck, Dave Wilbur, Harold Davill, Mel Tindall, Jim Sherwin and Ed Higgins.

In the Princeton Business Women's League two-team

ties exist for both first and second places. Tied for first with 100 pins are Carl and Peg Ford and Mani Tweedie. Clarence Liquor and Tweedie are known for second place with a tie. Just two points back is Palmer Plumbing with 48.

Frank and Peg Ronallo each rolled 201s, 67

pins over average for Peg and 51 pins over average for Frank.

Edgar Pincell's 194

Ohio State Daze Here

The first meeting of an Ohio State team against Princeton was held at Palmer Stadium in 1928. Princeton played football at Palmer Stadium in 1928 is scheduled for Saturday, January 15, when the Big Ten university will send its swimming team here. All members of the Princeton team will be invited to the home of Route 571 the Princeton-Hightstown Road.

Those willing to participate must first obtain permission in writing from their parents.

Entry forms are available at the Princeton Police and Fire Department headquarters.

All rifles, ammunition, targets and awards will be provided by the opposition.

Although Princeton has assembled the strongest teams ever to represent the Tigers in the sport, Ohio State is expected to win.

Princeton coach Bob Cleary, himself an Ohio State alumnus, believes that his team can easily break every existing Princeton record before the season is over.

On top with 20 wins with the backstroke Yale is still out of reach of the Tigers, but Clowderty sees Princeton

winning the meet in the east with Harvard, Army and Navy.

claiming high individual game honors with a 182. Other high game Miss Huneuyett, 168

RIFLE PROGRAM OFFERED
FOR BOYS, GIRLS 12 TO 18. A 10-week small bore rifle program for boys and girls 12 to 18 will be offered by the Princeton Patrollers' Benevolent Association and the Citizens Rifle and Revolver Club of New Jersey. Starting Saturday, it will be held at the home of Route 571 the Princeton-Hightstown Road.

Those willing to participate must first obtain permission in writing from their parents.

Entry forms are available at the Princeton Police and Fire Department headquarters.

All rifles, ammunition, targets and awards will be provided by the opposition.

The program will be supervised by certified National Rifle Association Instructors. In addition, a bulletin board will be maintained for marksmanship, marksmanship first class, sharpshooter, sharpshooter first class, expert, expert riflemen and distinguished riflemen. The latter two are of high distinction.

Participants, young men, will qualify for marksmanship, marksmanship first class, sharpshooter, sharpshooter first class, expert, expert riflemen and distinguished riflemen. The latter two are of high distinction.

Instructing will be Lt. Richard Steiner, and Lt. Donald Kline, both members of the Princeton Police Department.

LEAGUE LEADERS: Above are members of the St. Paul's School basketball team which has won seven and lost one, good for first place in the Southern Division of the Mercer County CYO Grammer School League. Kneeling from left are Jim Leiper, Robert Sweeney and Steven Stone. Standing are Kim Ehrman, Kevin Geoghan, Michael Chupuk, Michael Maguire, captain Fred Leiper Jr., Harry Norton and Peter Sweeney. To the rear are coaches Fred Leiper Jr. and Fred J. Leiper. Maguire is the team's leading scorer with an average of 24 points per game.

ST. PAUL'S SURGES
On Shooting of Mike Maguire

With Captain Mike Maguire up 33 to 30 points in its last three starts, St. Paul's went all three to sweep

the Southern Division of the Mercer County CYO Grammer School League. The 103-point outpouring raised Mike's average to 24 per game.

In the latest record, St. Paul's defeated St. John's on Sunday, 44 to 19. In addition to Maguire's dominating 33-point performance, Tom Hines, Pat, Harry Norton, Mike Tolimoni, and Mike McGowan each scored two points.

Earlier, St. Paul's defeated Princeton, 43 to 20, with Maguire's 33 and Tom Hines' 9 accounting for all but one of the 45 points, and topped Penn, 47-20. In the final scoring contest, with quarter limited to six minutes each, the 67 points in 24 minutes is a little even the pros could envy.

In the latest contest, Maguire was aided by 12-point performances by Norton, Pete Sweeney and Mike Tolimoni chipped in with five points apiece.

NOTRE DAME TOPS PHS
Steinert Here Today, Tuesday, 75-66, will win high school basketball game.

That was the total reached

Princeton High beat Trenton Catholic, 62-56, and Littlefield, 62-56. Littlefield's were overshadowed by a record performance by Irish's Wayne Soloway.

Soloway established a new single-game ND mark by dropping in 36 points to lead his team to an 80-75 triumph.

Unfortunately again for PHS Notre Dame's Bob Goode had as well. He pumped in 26 of his own. The combined 62 were more than the Little Tigers could handle.

Perhaps PHS coach Tom Steinert had something to do with his team's decision to break New Year's resolution not to play Trenton area teams. Against other opponents, PHS is 4-0, against area clubs 1-2.

The Blue and White will face Steinert another city team Tuesday, 75-66, and the indications are this one is not going to make 1966 any better.

Steinert defeated Trenton High for the first time ever Tuesday, and ran handily, 75-66. What's more, it did it on Trenton's home court.

Trenton owns one of the two war in Viet Nam has registered over 1000

victories registered over 1000

Bob S. & I Brooks. The PHS-ND battle was hard fought throughout. Both teams entered the fray with 5-1 records; both had just captured their Ashbury Round Robin and ND the first Suburban Tournament.

Princeton, 16-10, stayed in contention for Mercer County honors. In short, this was a big one for the school.

Princeton was held by 15 at the three-quarter mark, 60-45. Ed Hines, Princeton's star, had a half and down by 15 at the final period.

But, no matter what the President has to say, the members of Congress are going to have some questions to ask and some statements to make. There are a number of factors which make this clear.

FOCAL POINT Likely, the first is simply the historical fact of our enormously increased commitment in Viet Nam; nearly 50,000 troops with the likelihood of hundreds of thousands more.

On the eve of the opening of the 89th Congress, Jersey City Senator, has released his views on the major problems which it will seek to solve during the next two years. These statements are those of Sen. Harrison A. Williams, a Democrat, and Sen. Clifford P. Case, a Republican.

SEN. WILLIAMS REPORTS
outlines his views for the new session of Congress, which convenes Monday, has changed drastically since we adjourned last October.

It was generally felt then—and I shared the feeling—that the major legislative item of the 88th Congress would be areas quickly and tidy one.

We had disposed of many of the major legislative items in the first session and it was felt that the second session would be devoted to the study and improvement of the important legislation introduced last year, plus consideration of two controversial issues requiring immediate and repeat of 14-3.

But the rapid escalation of

into personal reality for those who went and saw for themselves.

The third is the mail that has been coming into Congressional offices. It reflects a strong interest among the American people over the war in Viet Nam.

I think that, in part, this feeling of unrest indicates that we have failed to communicate the reasons for doing what we are doing in Viet Nam. And I'm sure the members of Congress will attempt to address

To the Editor of Town Topics: It was cold and drizzling night last week, my son-in-law who teaches in Princeton, had two tiny puppies at the side of the road and picked them up. They were cold, hungry and all alone.

I tried to find homes for them without success. Then I saw the newspaper from the Small Animal Rescue League.

I called Mrs. Graves. She was very sympathetic, courteous, and to my pleasant surprise found homes for them within 24 hours.

I wonder if other people of the Princeton area how fortunate they are in having so nice a lady as Mrs. Graves. I am an animal lover, a dog lover, a cat, and I feel you should know and be proud of people like her.

themselves to this lack of communication.

And finally, just from my conversation with other Senators and with members of the House, I have come to know that the war in Viet Nam is now the uppermost thing in their minds.

There is a sense of urgency which was lacking before. And I know they are going to try to fit this into the urgency to the Administration, to the Defense Department and to the State Department.

Our Countrymen Affected.
Beyond the discussion of the war in Viet Nam itself, the enormously increased commitment there is going to cut considerably into our other programs.

The Defense budget already is being scrutinized by Secretary McNamara and he has announced slowdowns in military construction. Likewise speed expenditures are now being examined.

Consideration of our foreign aid program will be affected by the situation in Viet Nam. It is reasonable to assume that many of the Great Society programs may be affected.

Obviously, we are becoming increasingly as a result of the need for increased expenditures in Viet Nam.

It would be nice to say that there is hardly a major program, foreign or domestic, which will not be affected by the Congress in the light of the conflict in Viet Nam, rather than on its own merits.

SIN CASE REPORTS

The Administration, it is reported, is trimming budget re-

ARCHITECTS NAME NEW OFFICERS: Newly-elected officers and directors of the Capital Chapter, New Jersey Society of Architects, include a number of Princetonians. Above are: John R. Diehl, new secretary of the New Jersey Society of Architects, AIA, and immediate past president of the Capital Chapter; Adolf R. Serimenti, past president of the chapter; George L. Homan, new director-at-large; Charles C. Clegg, new director; Alfred Russell, new state director and a former president of the Capital Chapter; Francis E. Stein, new president of the Capital Chapter and new state director-at-large; John S. Gandy, outgoing treasurer of the Capital Chapter; James J. Coughlin, new Civil Liaison Committee; Hans J. Sander, new vice-president of the Capital Chapter and new state director.

As it proceeds with this task, it is, I think, essential that the people involved in the Bureau of the Budget take heed of the eighty, given Congressional budget slingers "Use the seal, not the meat axe."

Let us eliminate waste and duplication of effort by all means. And let us find good grounds for deferring expenditures in low-priority programs. I shall be among the first to do this.

But there is a wide range of Federal activities, many of them recently gathered under one roof, which bear importantly on national goals with the same top priority as our commitment in Viet Nam.

Aid for Education Needed.
Our educational structure is undergoing severe strain at

every level. Qualitative as well as quantitative shortcomings are also abundant. And every projection of the demands on our schools and colleges over the next decade must devolve upon the Federal government. The promise must devolve to education just to stay in place.

New Jersey itself faces a crisis in higher education. There is no room in our colleges for one or even two thousand additional students. The State would want to pursue their studies. The recent report of the Citizens Committee for Higher Education in New Jersey makes clear just how large an investment the State must make to overcome this and other deficiencies.

The Federal contribution has become a vital ingredient in our total educational effort. If we can't afford to set back this effort at any level, Federal, State or local, indeed, increased funding for some Federal programs fully merit in my judgment.

In every month of 1965, TOWN TOPICS consistently printed more pages than it did during the corresponding month a year earlier — some times as much as eight pages more in a single week.

No other Princeton paper can come close to matching this performance, which is made possible by the steadily increasing volume of space bought in TOWN TOPICS by Princeton advertisers.

Clergymen Support Interdenominational Study

Rev. Albert D. Tyson Jr.
"Last year I did not participate because this year I intend to."

Rev. Kenneth S. Bannenbauer
"The results of last year's study were absolutely magnificent."

church to state, and what could be considered a valid witness."

Face to Face. According to Miss Natalie Vaughan, a member of the PAA-PCUSA coordinating committee, "This year's study, an increased number of Roman Catholics will be participating in the study. Prayer cards were distributed at St. Paul's" and at the Aquinas Foundation where Rev. Robert Murray gave his sermon on the study during last academic year.

The Epiphany Study is a follow-up to last winter's Ephesians Study which involved 53 participants from churches in Kingston, New York, Princeton, Hopewell, Lawrenceville, Dutchess, and Putnam Junction. Spouses are the Princeton Pastors' Association and the Princeton Christian Unity Committee. These spouses have been in question on the 200 questionnaires returned by participants for another ecumenical series.

Basis of Unity. "Last year's study was effective in several areas," Dr. Tyson said. "The Rev. Albert D. Tyson Jr. of Mt. Pisgah AME Church, said on Tuesday, "It brought people into closer contact with each other. It is a mandate from the Scripture. It united the Christian community. The main idea or feeling is that the study of the Book of Acts will serve to highlight the basis of our unity and point out the direction in which we can and should be done."

Sunday's sermons, "New Life in the Spirit," were based on Chapter 2 of Acts, according to the Rev. Dr. Leon Gibson of Princeton Methodist Church.

Neighborhood meetings, with a coffee hour, refreshments, and hostess, will be held weekly in homes throughout the community. Invitations will center on themes from the Book of Acts. The basic study guide is "Mandate to Witness," by Rev. Dr. Edward C. H. Gibson, Baptist text which has won interdenominational approval.

"I found this book very helpful," the Rev. Kenneth S. Dannenbauer of Calvary Baptist Church said. He added that the mid-20th Century is closer to the early Church than any other period. "Christian Christians are a minority in a pagan world. This is an opportunity for Christians to dominate their world in a world that is hostile or couldn't care less."

Pilot Study. Also approved is "Acts of the Apostles and Now," by Harvey H. Postlewait, a Baptist study book which views the themes of Acts from an historical and analytical point of view. Developed by present-day application.

Covenants will be working from the study book developed by the Rev. Walter Carvin of Princeton Baptist Church. Plans are to have a pilot study was held some months ago.

Several points developed through our study. Among them, an emphasis on the place of the Holy Spirit in the Church. The relationship of

Rev. Walter P. Carvin
"The Book of Acts is more relevant today than ever before. The service is sponsored by the Orthodox Christian Fellowship at the University, which holds a service of divine liturgy at 10:30 a.m. Sunday in Murray-Dodge Hall during the academic year."

NAMES NEW COMMITTEE. For East Trenton Center, trustees of the New Brunswick Presbytery, organized by the Rev. Donald M. Meissel of First Presbyterian, have organized a committee of representatives of the Presbyteries' East Trenton Civic Center.

"It is to be hoped and believed that Dr. Donald M. Meissel of First Presbyterian Church will continue his leadership in his congregation, "that he will be successful in making this a more fruitful ecumenical venture than last year's endeavor."

"One of the major values of the study last year," the Rev. Mr. Meissel adds, "was that some of our people who have not had living experience with other Christian denominations have come to realize that we all have. Others were given a real opportunity to know and express what they have known."

Interested persons may register at the New Charter Inn, 100 Stockton Street (924-9178), indicating which evening of the week is preferred.

CHRISTMAS VESPERS SET BY Eastern Orthodox, Eastern Greek Catholic, and Armenian congregations.

Services will be held at 7:30 p.m. this Thursday in the Princeton University Chapel. The Rev. Protopresbyter George Kotsopoulos and John Turkevich will officiate. The public is welcome.

The Eastern Orthodox Church celebrated Christmas according to the Julian calendar. The traditional day's service involves the ancient monastic rite of blessing the waters.

Christmas Day, the Eastern Orthodox Church, Pennington, will be held at 12:30 p.m. on Thursday, January 12. Mr. Henry Bambridge is chairman.

The program includes a candlelighting ceremony and a talk by Rev. Dr. Andrew Harmer, author of "Orthodox Christmas." Monastic chants arranged by Fr. George Kotsopoulos.

The Orthodox Christmas vespers were inaugurated last year by Rev. Constantine Bukoforos, president of the Marquand Transplant of the Chapel, the crowd overflowed into the main chapel area. The

Rev. Robert P. Murray of the Aquinas Foundation who with the Rev. Edward C. H. Gibson, has given support to the Epiphany Study project.

DO IT YOURSELF!

...IT'S EASY TO WOOD PANEL ANY ROOM WITH

PRE-FINISHED PLANKWELD
Ready-to-Install WELDWOOD PLYWOOD

1 Start paneling in corner.
Nail down edge of first panel at corner end.

2 Insert metal clips in the other side grooves. Nail clips to wall or stud.

3 Slip grooved edge of next panel into grooves of first. Clips and nails are hidden.

Here is a beautiful wood paneling you can install yourself. Even if you aren't handy, you can panel a whole room in a few hours. And do a fine job, too.

Plankweld is Weldwood Plywood paneling. Factory-finished, ready for painting or staining if needed. Panel edges are grooved to fit into each other; fastening is done with clips so nails do not show.

You can plankweld right over existing paneling if need arises. That's why Plankweld is such a wonderful material for remodeling. It's fine for new houses too. The panels are fastened

directly to the studs. By doing the job yourself you can save money. You pay for what the whole room will be, not the modest price of Plankweld alone.

And—here's something you'll be glad to know. Plankweld is guaranteed to last a lifetime. If you ever need repairs, just call.

Come in to see Plankweld. We have it in fine hardwoods. See how easy it is and how inexpensive panel wood paneling can look in your home.

Plankweld is $\frac{1}{4}$ " thick, in easy-to-handle panels $16\frac{1}{4}''$ wide by 8 feet long.

The Board of Directors of Princeton Savings is pleased to announce that based upon continuance of favorable earnings...

DIVIDENDS ARE INCREASED

1%

PER ANNUM

anticipated for period
beginning January 1, 1966

NO 1-YEAR
WAITING PERIOD
REQUIRED

Here's good news for our present savers — who'll now earn more than ever before. And good reasons for others to become Princeton savers—and take advantage of our new, higher dividend rate. It's the highest paid on regular, insured savings in Mercer County! Enjoy 15 extra earning days here each month, too — your savings received by the 15th of the month earn full dividends from the first. Accounts held elsewhere may be transferred without charge; just mail or bring in your passbooks. Come in now for high, high earnings!

GOOD NEWS ON MORTGAGE LOANS

Mortgage lending is an integral part of the operation of this specialized thrift institution. We have ample funds available, with rates as low as 5 1/2%, and repayment periods up to 25 years, with no prepayment penalty.

"COVER" HOUSE

How would you like to be the proud owner of a home sufficiently outstanding to have been a "cover house" for a leading magazine? Happily lived in since its completion in 1961, this house is a stunner! It has been well maintained by its transferred owners in the early spring. And it's much too pretty a home to be "family listed." Call 921-8155. 10-28-41

The 4 bedrooms, 2½ bath house is particularly planned for a mixture of traditional and modern styling, featuring a well-protected first floor bathroom, and bath, a paneled library with fireplace as a second living room, and a sunroom for relaxation or more rugged fun. The entire house is impeccably finished, with original woodwork, fully pristine, from the stunning step-down living room with its three-way exposure, massive dining room, kitchen, all spacious to the terrace), and superb modern kitchen. The exterior is a blend of the classic, welcoming manner, beginning with fireplace and dining room. And, to top it off, in our opinion, the price is that Princeton rightly — a fair one — is.
